

# MEDICAL CRISIS & HEALTH FREEDOM - Part 1

by Lady Carla Davis, MPH  
*Specializing in Nutrition*

*“The greatest crisis that America faces today is the chronic disease epidemic in American’s children.”* Robert F. Kennedy, Jr. <https://childrenshealthdefense.org/>

This same crisis is also occurring in other Western countries that have adopted the same unhealthy lifestyle, a junk food diet, and the standard allopathic medical protocol. Both the US and Australia have among the most heavily medicated, vaccinated, and fluoridated populations in the world; and yet, they are also among the sickest! Australia now has over 700,000 people on disability at a cost of billions of dollars to their Budget. New Zealand, sadly, has one of the highest rate of teen suicide per capita in the Western world. Neighboring Latin countries and Pacific Island nations have among the highest rates of obesity and type 2 diabetes in the world. One would think that a clear thinking person would connect the dots and make the necessary changes.

Instead of addressing the causes of this crisis, our so-called medical experts, (e.g. unelected government officials and regulators), along with media commentators, continue to push fluoridation, pharmaceutical drugs, and vaccines as the panacea for every ailment imaginable. However, statistics clearly indicate that this protocol is not working and only worsening the medical and dental crisis. Tragically, children and future generations are being sacrificed in this archaic, bad system; or evil racket of sickness care. Each year, tens of thousands of children are harmed, disabled for life, or die from bad vaccines, medications, fluoride toxicity and many other environmental chemicals. Domestic violence and mental illness continue to rise and millions of people suffer or die from medical drug addictions, including opioids.

**Fluoride causes Heart Disease, Stroke and Sudden Death, Dr. Geoff Pain, PhD**

Why no outcry, no action, no prosecutions, and no lockdowns from government leaders, medical officials, regulators, or media commentators?

Adding insult to injury, regulators do what ever they can to silence anyone who asks questions, tries to discuss these issues, or offers safer, healthier options.

Could it be because those dictating these policies have vested interests in a system of sickness-care (disease maintenance & symptoms management) rather than real health care?

Iatrogenesis includes complications or anxiety from medical procedures or treatment, side effects and harm from drugs and drug interactions, medical errors, negligence, use of contaminated instruments, or unnecessary medical treatment. This is responsible for over 20 million negative effects from medical treatments and the third leading cause of death in the world. This affects all ages, far more than CV-19. Yet, this chronic disease epidemic continue to be ignored by the MSM (mainstream media), governments and their medical officials and regulators.

These same medical officials never address the causes of disease, nor do they promote any natural, drugless therapies, nutritional supplements, or good nutrition. In fact, there has been a deliberate global agenda by pharma's agents in government to discredit and regulate natural health therapy practitioners out of business.

Whenever a health practitioner or health conscious MD tries to address the cause of a disease or promote a healthier lifestyle, good nutrition, and/or safer alternatives to drugs as a better option, they are threatened, bullied, attacked, ridiculed, and censored by government bureaucrats, the MSM, and social media platforms. (Recall the MD in TAS, Australia who was threatened with loss of license for advising his diabetic patient to avoid consuming junk food and sugary drinks).

#### CORRUPTION

How much worse does this crisis have to get before politicians and their medical officials and regulators show integrity and use some common sense? Can they not connect the dots to address the causes of our medical crisis and the chronic diseases epidemic that Mr. Kennedy is so courageously trying to address?

<https://childrenshealthdefense.org/seeking-justice/righting-the-wrongs/>

One can not help but ask...Are they really that stupid or naive? Or, are they totally corrupt? Where are the prosecutors?

Another good question is why aren't medical officials, regulators, and media commentators doing their homework and reading the drug and vaccine inserts provided by the manufacturers? The ingredients, side effects, and potential for harm from these drugs and vaccines are clearly outlined on their inserts. This was required because of the terms of liability exemptions in the *1986 National Children's Vaccine Injury Act* (NCVIA). To avoid being sued for 'intentional harm,' pharma must list all the ingredients, potential harms, and warnings on their inserts.

The CV-19 vaccine panacea that government and their unelected medical officials keep pushing via the media has serious safety and ethical issues that are not being reported. Experimenting on both children and adults will further exacerbate the current crisis. And, at what cost to future generations and the economy?

<https://childrenshealthdefense.org/news/another-gates-vaccine-bites-the-dust-sick-monkeys-everywhere/>. **Another Gates Vaccine Bites the Dust-Sick Monkeys**

This agenda is being rolled out with the same forceful tactics (media fear and lies) that have been used in the racket of war. <https://worldbeyondwar.org/> Why such a rush when the pandemic is not what they claimed it would be?

#### CONFLICTS OF INTEREST & ABUSES OF POWER

Medical officials, regulators, media outlets, and numerous government leaders have serious conflicts of interest. Many of them are either former pharma industry insiders on the payroll, or have received big pharma funding. In other words they and their political parties have been ‘bought’ and are no longer representing their constituents. They are abusing their power. <https://youtu.be/dozpAshvtsA> 7:41

**Dr. Peter Gotzsche exposes Big pharma as organized crime**

In a shameful act with serious long-term consequences of harm, Democratic California legislators recently voted to remove all religious and medical exemptions for vaccinations (SB27, SB276, SB714). This kind of medical tyranny denies parental rights for their children’s health care and the doctor-patient relationship. Each of these legislators received millions of dollars from big pharma!

<https://www.youtube.com/watch?v=KzvhgikbQUI> **Bought, evasive Sen. Pan**

The more one delves into this area the more shocking and criminal this becomes. Lies, deceit, and millions of dollars are influencing politicians, the media, medical officials, regulators, and our health freedom. These are the very people who are supposed to be acting in the best interest of public health: not big pharma. Hence, they are not doing their job or homework, asking important questions, or considering the facts. Some deliberately turn a blind eye, while others foolishly act on advice from a so-called ‘expert’ who has serious conflicts of interest and stands to benefit from the policies he/she is promoting.

<https://youtu.be/jkYen0g4TRU> 22:44 **Guess Who Is Calling the Shots**

Children and future generations are the most heavily impacted victims of these crimes against humanity; reckless inhumane policies; and greedy ‘bought’ politicians. This is not only detrimental to a country’s health, security, and economy; it is unsustainable!

For over three months now, be it a pandemic, plandemic, or scamdemic, billions of people have been impacted and global economies have crashed. This has involved instant lockdowns; mandated isolations; business and school closures; stranded students and children being separated from their parents; airlines being grounded; business failures; loss of income, millions of jobs, and contact with loved ones; and a great deal of distress and uncertainty.

#### MISINFORMATION

From day one, the media blitz 24/7 has been instilling fear on a global scale never seen before; not even during times of war. Day in and day out, 24/7, TV and radio stations constantly report global statistics of those who have contacted CV-19 and those who have died with CV. Notice... not from, but with! So, no matter what the real cause of death was of these elderly or sick people (most of who were vaccinated with flu shots), doctors are being pressured to record CV as the cause of death to justify calling it a pandemic.

Interestingly, these erroneous figures are being controlled and dispersed from the Johns Hopkins, Bloomberg School of Public Health who is heavily involved with Dr. Fauci and his wife, the Bill & Malinda Gates Foundation and Event 201.

<https://www.centerforhealthsecurity.org/event201/scenario.html> How convenient! And, how can their statistics be accurate when the original modelling was wrong, much of testing is flawed, the true cause of death has not been verified, and most people who died also had other serious medical issues?

<https://www.globalresearch.ca/coronavirus-covid-19-made-in-china-or-made-in-america/5706272> **CV19 Made in China or Made in America?**

Numerous doctors have reported that this is not the usual kind of virus and thus, the protocol is wrong. According to Italian researchers and others, people's lungs are failing as if they have altitude sickness and their arteries are full of blood clots. Most if not all of those who got sick or died had been previously vaccinated with an experimental flu shot (e.g. Italy), and many were exposed to bad pollution or 5G technology (e.g. Wuhan & cruise ships). Were these factors the trigger that weakened the body's immune system?

Adding further insult to people's intelligence, TV news showed ER's doctors or actors using dummy humans on ventilators and covered bodies (or dummies) on stretchers being wheeled out of hospitals. The Premier of QLD even faked getting a flu shot! Talk about fake news fear propaganda! This has been so offensive that many people stopped listening to TV and radio news reports because they have lost all credibility!

## **12 Experts Questioning CV Panic**

While massive damage was being done, we found out through independent media sources that ALL the modelling was WRONG! And, none of our world leaders or their so-called medical experts or officials bothered to check the modelling; exactly who was/is advising and dictating these policies; the conflicts of interest; and/or the evidence? Instead, they all quickly reacted to the 24/7 media blitz, which was based on FALSE modelling. Everything went into lockdown and global economies crashed and businesses were instantly destroyed without anyone first checking the facts; where this information originated from; if it was accurate; who was involved; or the motives behind this declared pandemic.

## **Blowing The Whistle on CV-19**

In addition to healthy people being forced into quarantine and lockdown, we were all (and still are being) bombarded with a constant flow of fearful, misinformation from the media and chief medical officers. They claimed that from 150,000 to 2.2 million deaths would occur, depending on which country you are in. And, that ICU beds and ventilators would run out. However, none of this turned out to be accurate. Also, the ventilators actually caused patients to die because they were not the right treatment for what was making people sick and unable to breathe.

The predicted high death rates, ominous ICU bed shortages, and subsequent preventative measures were largely based on the **Imperial College** model in the UK, done by epidemiologist **Neil Ferguson**, who has since resigned. No one bothered to find out if this college or Mr. Ferguson had conflicts of interest, received financing/funding from big pharma, or who stood to gain from this pandemic. It was also revealed that the Bill and Melinda Gates foundation with their numerous 'other' organizations and Mr. Fauci and his wife have patents on numerous viruses and vaccines. They, along with big pharma, have invested heavily in their agenda to vaccinate the whole world. They all stand to gain immensely by this CV-19 pandemic while the masses are terrorised and harmed by their agenda.

Oxford epidemiologist Sunetra Gupta criticized Ferguson's model saying, "I am surprised that there has been such unqualified acceptance of the Imperial model." Professor Gupta's own modelling study suggests that half of the people in the U.K. have already been infected, and that fewer than one in a thousand will even become sick enough to require hospitalisation. Also, Stanford biophysicist and Nobel laureate Michael Levitt said "The real situation is not nearly as terrible as they make it out to be" [9].

<https://realnewsaustralia.com/> **Reading Between the Lies**

In light of all these facts, why have all these Lockdown Laws not been revised? To date, this question remains unanswered. No economy, business, or individual can survive in tact with this kind of misinformation, instability, tyranny, and uncertainty. ‘We the people’ must stop this kind of medical tyranny, domestic terrorism, crimes against humanity, and conspiracy to commit genocide? <http://www.cross.tv/292731> **Crimes Against Humanity Dr. Judy Mikovits & Dr. Sherri Tenpenny Reveal All 1:35:59**
