

## MEDICAL CRISIS & HEALTH FREEDOM - Part 3

by Lady Carla Davis, MPH  
*Specializing in Nutrition*

*“Nothing in the world is more powerful and defining than **maternal intuition**!! It is exquisitely powerful and the reason why we are here on this Earth, now. We are not here because of public health or doctors. We are here because **a mother knows her child best and what to do about it!**”* Dr. Andrew Wakefield....A courageous champion for health and integrity, who has been wrongfully and viciously maligned by lies from a corrupt, pharma controlled medical system and MSMedia. <https://www.ebcala.org/areas-of-law/vaccine-law/co-author-of-lancet-mmr-autism-study-exonerated-on-all-charges-of-professional-misconduct>

### HEALTH FREEDOM

What happened to the freedom of speech, informed consent for medication, choice with life and death issues and health, or parental control of our children that all those wars were fought for? And, why such disregard for the “*Nuremberg Code*” that most countries agreed to? “*Nuremberg Code*”, which includes such principles as [informed consent](#) and absence of [coercion](#); properly formulated [scientific](#) experimentation;  
[https://en.wikipedia.org/wiki/Nuremberg\\_Code](https://en.wikipedia.org/wiki/Nuremberg_Code)

At this time in history the most important issue is HEALTH FREEDOM. The major attempt by a corrupt industry (convicted and heavily fined more than any other industry for fraud and harm) and their ‘bought’ implants in government for control of our governance, health care, liberties, and children is unacceptable in a free society. There is a serious lack of truth, education, knowledge, integrity, transparency, and common sense among medical advisors, regulators, government decision makers, and the MSM (mainstream media). It is delusional and stupid or seriously corrupt, with conflicts of interest, to think that vaccines or drugs are the panacea for today’s health crisis or pandemic. A virus or illness is NOT caused by a deficiency or lack of a vaccine or drug!

**Do Masks Even Work? Can you be forced to Wear One? Dr. Kaufman Weighs In,** June 22, 2020 Green Med Info (GMI)

- Exactly who is making these policies and decisions that are instilling fear 24/7 via the MSM; crashing global economies; and destroying businesses, jobs, people's lives, our health and liberties, and future generations?
- Where is the evidence of their claims? Is anyone in government fact checking?
- Why are their conflicts of interest not being addresses?
- Why didn't policies change when it was revealed that the modelling was grossly and deliberately exaggerated?
- Why are so many people testing positive for CV?
- Who is providing these figures? Dying with CV is very different from dying of CV!
- What kind of tests are being used, what do they show, and how accurate are they?
- What is CV?
- What exactly is causing CV to show up in the body? (e.g., pollution, chemtrails, swab tests, vaccinations, glyphosate in biofuels, vegetable oils, animal feed, food such as meat and grains, beer, animals, 5G and other EMFs).
- What are the differences between natural CV and GM viruses from 'gain of function'?
- Why is no one in government or their medical experts addressing the CAUSES of CV or a cytokine storm? VIC, Australia is a good example of bad governance. Most of their policies are actually contributing to these outbreaks.
- Why is no one in government or the media asking these vital questions or doing their homework? Where is the leadership and integrity?
- Why are questions and discussions of these vital issues being censored or discredited?

- Why is a mother's intuition, knowledge, and control of her child's health being denigrated and denied? Clearly, this is abuse of power and discrimination of the worst kind!

### THE BODY'S IMMUNE SYSTEM, NUTRITION, & HEALTH IGNORED

If government leaders and medical officers were sincere about saving lives and fixing our broken economy (that they created), 'protecting' us and stopping the spread as they claim, why are they not addressing the CAUSES of these problems or using common sense? Not once have they promoted good health practices such as:

- Getting out doors in the sunshine and going to the beach.
  - Consuming healthy, nutritious food and vital supplements known to promote and maintain a strong immune system. (e.g., Natural vitamins A, C, D, sunshine, omega 3 EFA, zinc, magnesium, quercetin, garlic, and acupuncture).
  - Spraying hydrosol silver (Oxysilver or Sovereign Silver) high up in the nasal cavity.
- [https://www.healthyworldstore.com/search.php?search\\_query=oxysilver&x=37&y=16](https://www.healthyworldstore.com/search.php?search_query=oxysilver&x=37&y=16)  
<https://sovereignsilver.com/silver101/>

In fact, most of what they and the obnoxious, fear mongering MSM have been promoting and mandating is the opposite of what should be done to build and maintain a strong, healthy immune system. One has to question....where these so called experts got their education, their agenda, and conflicts of interest?

Obviously, few if any government leaders and regulators, including the so-called medical experts, know much about the human anatomy, its amazing immune system, its nutritional requirements; the science of nutrition; the function and facts about viruses and this particular virus; or the dangers of 'biodefense/weapon' laboratories where some vile GM viruses are being created.

Unfortunately, most of today's so called "experts" have been so indoctrinated by a pharma controlled system that they have lost the ability to think for themselves, use common sense, and/or be creative. In fact, grim statistics reveal that the so called "experts" are not very competent in their fields! Good scientists often question or challenge the status quo; and the heart of good science is through observations. Corporate scientists are paid and programmed to convince others that the science is settled and questions should be censored. Then, they bully and accuse anyone who questions the status quo of spreading misinformation or conspiracy theories.

"It is simply no longer possible to believe much of the clinical research that is published, or to rely on the judgment of trusted physicians or authoritative medical guidelines. I take no pleasure in this conclusion, which I reached slowly and reluctantly over my two decades as an editor of *The New England Journal of Medicine*." (Dr. Marcia Angell, NY Review of Books, January 15, 2009, "Drug Companies & Doctors: A Story of Corruption)

According to the editor-in-chief of the prestigious journal, *The Lancet*, founded in 1823: "The case against science is straightforward: much of the scientific literature, perhaps half, may simply be untrue. Afflicted by studies with small sample sizes, tiny effects, invalid exploratory analyses, and flagrant conflicts of interest, together with an obsession for pursuing fashionable trends of dubious importance, science has taken a turn towards darkness..."

"The apparent endemicity of bad research behaviour is alarming. In their quest for telling a compelling story, scientists too often sculpt data to fit their preferred theory of the world. Or they retrofit hypotheses to fit their data. Journal editors deserve their fair share of criticism too. We aid and abet the worst behaviours. Our acquiescence to the impact factor fuels an unhealthy competition to win a place in a select few journals. Our love of 'significance' pollutes the literature with many a statistical fairy-tale...Journals are not the only miscreants. Universities are in a perpetual struggle for money and talent..." (Dr. Richard Horton, editor-in-chief, The Lancet, in The Lancet, 11 April, 2015, Vol 385, "Offline: What is medicine's 5 sigma?")

While slowing down and practicing better hygiene are positives, the cure for CV-19 such as media's 24/7 fear mongering and continuous reporting of fake figures and global obituaries, loss of income, job and future uncertainty, and worry about mandated medical tyranny (e.g., vaccinations). has been far more damaging.

PROPER/GOOD NUTRITION is the BEST, SAFEST, and single MOST effective method to promote good health and build a strong immune system. It is also the basis for all other therapies to be more effective! #### WHAT YOU CAN DO

Speak up and voice your concerns or disdain. Demand that your members of congress/parliament and senators:

- Govern with integrity, transparency, and duty of care.
- Resign if they have conflicts of interest.
- Get PAC money and lobbyist out of politics.
- Remove medical officers/advisors with conflicts of interest from dictating policies.
- Protect whistle blowers, journalists, and press freedom.
- Prosecute those who violate the Constitution, commit wrong doings and acts of treason for foreign governments/agencies.
- Prosecute those involved with crimes against humanity.
- Stop funding the CDC, WHO, NIH, and GAVY who have serious conflicts of interest and no liabilities.
- Reverse DPTA, the liability exemption for the pharmaceutical industry, and PREPA <https://vaxxter.com/>.
- Repeal the *Vaccination Assistance of 1962* and the *The National Childhood Vaccine Injury Act (NCVIA) of 1986* that removes liability for pharma.
- Remove direct to consumer advertising by big pharma.
- Close ALL 'biodefense/weapon' labs and stop creating GOF biological weapons.
- Ban glyphosate and Roundup, which are contributing to CV outbreaks and cancer.
- Reinstate anti-trust laws to break up media and other corporate monopolies and oligopolies.
- Establish the system of Education for Total Consciousness (ETC) that teaches about integrity, the benefits of a real health care system, and that the inner and outer environments are inseparable. <http://www.global-energy-parliament.net>.
- Consider the Global energy Parliament (GEP) Bill for *Balancing Inner and Outer Environments*, presented at the GEP 2020, by this author.

On glyphosate, read articles by Dr. Stephanie Seneff, PhD (July and June 2020) and Zen Honeycutt in *Masters of Health magazine*. <http://MastersOfHealthMag.com>
