

# Wise Traditions 21st Conference

by Lady Carla Davis, MPH

*Specializing in Nutrition*

How to stay healthy in a toxic world is no easy task these days. None-the-less, the **Wise Traditions 21st Conference**, from Nov 5-7, 2021, in Allen, Texas provided a wealth of knowledge, wisdom, and insight on how to do just that. It truly did nourish its participants in every way imaginable. In fact, it was AWESOME in every way! <https://www.wisetraditions.org/>

Its success is a real credit to renowned Sally Fallon Morell, MA, the founding President of the Weston A. Price Foundation (WAPF) and author with Mary G. Enig, PhD of the well researched cook book, Nourishing Traditions. Sally's accomplishments with the WAPF are truly remarkable. She also gave several very educating presentations at the conference.

There were over 1,000 attendees of all ages, including health professionals and others eager to learn and passionate about protecting our health freedom. The energy, value and appreciation for each of the presenters, and strong support for all the issues raised were truly impressive and inspiring.

The Conference opened up on Nov 5th, with a dynamic presentation by the brilliant, one of a kind, Dr. David Martin, PhD, Corporate Advisor, Entrepreneur, Financier, Storyteller, Professor, Inventor. Because he made such an impact on everyone, the Conference organizers agreed to allow his Wise Traditions presentation to be made available for FREE

OL for everyone. 1:20:35 5 Nov 21. **Not to be missed.**

Then, on Saturday night, there was the big, sell-out Banquet Awards. It was a feast fit for a king with the most delicious, wholesome, healthy food not found anywhere else. Check out the menu:

[https://cda9876a-cf54-4a04-8164-6f3212d6bb61.filesusr.com/ugd/c58e7d\\_256d56b9dbcf4cd09e5220653c7215fb.pdf](https://cda9876a-cf54-4a04-8164-6f3212d6bb61.filesusr.com/ugd/c58e7d_256d56b9dbcf4cd09e5220653c7215fb.pdf)

The Banquet Awards Keynote speaker was the one and only Robert F. Kennedy, Jr, who was equally stupendous! Over 700 people squeezed into the banquet room with

not a foot of free space to spare. Mr. Kennedy spoke for well over an hour as he provided vital information to his mesmerized audience who expressed their immense gratitude with thundering applause and standing cheers. He is a treasured champion for the people that would make his late father, RFK, and uncle, JFK, immensely proud. It is no wonder that his current book, *The Real Anthony Fauci: Bill Gates, Big Pharma, and the Global War on Democracy and Public Health*, is currently Amazon's #1 seller. It's also available in audio.

Mr. Kennedy and his Children's Health Defense (CHD) team led by its President and General Counsel, Mary Holland, PA, are globally revered for their defense of children, our environment, and health freedom. Mr. Kennedy was the 2019 *Masters of Health Person of the Year* for good reason!

To stay well informed and support their laudable work, sign up for The Defender and the CHD TV. Both are free and vitally informative.

The demand for each of the presenters was so great that the conference rooms were packed with 300+ people, some were even standing along the walls and sitting on the floor. Everyone was so eager to listen and learn.

Seeing is believing! The children of young mothers who attended the presentations were calm, quiet, and well behaved throughout the hour + long presentations. It was an impressive testament to how food impacts a child's behavior.

I have been to a lot of conferences over the years, but this was the most awe inspiring, uplifting conference I've ever attended for many reasons. A wide range of topics were covered as you can see on this page: <https://www.wisetraditions.org/presentations> by the numerous, renowned experts in their fields.

Each of the presenters shared their knowledge and wisdom, addressed the issues head on, and told it like it was, with the science to back their findings. They all received standing

ovations at the end. Take a look at the impressive line-up of champions:  
<https://www.wisetraditions.org/speakers>.

Some of the many knowledgeable speakers (from left to right) included, Dr. Stephanie Seneff, PhD; Prof. Gerald Pollack, PhD; Dr. Natasha, Campbell-McBride, MD, PhD; Dr. David Brownstein, MD; Dr. Andrew Kauffman, MD; Dr. Larry Palevsky,

MD.

I had the great pleasure to connect in person with some of the professionals featured in Masters of Health (MOH) magazine, such as Dr. Stephanie Seneff, Dr. Gerald Pollack, RFK, Jr. and his CHD team, and other champions who we will be featuring in MOH in 2022. I also met some wonderful people of like-mind.

In addition to the conference, Will Winter provided nearby guided farm visits for those who wanted to explore and learn first-hand what really matters in food production. These successful farmers devote their lives to producing the healthiest, nutrient dense food. <https://www.wisetraditions.org/farm-visit>  
Circle N Dairy, Gainesville, TX  
Narrow Way Farm, Ivanhoe, TX  
Farm-to-Table Lunch, Denison, TX  
Prairie Farmstead, Sherman, TX

I believe good nutrition begins in the soil!

Will Winter, DVM, is a livestock nutritionist and holistic herd health consultant. He is the inspector for the American Grassfed Association, and consults for Grassfarmer Supply, out of Becker, Minneapolis. He is also a writer for several Eco-agriculture magazines and websites such as *AcresUSA* and *Stockman Grassfarmer Magazine*. Find him at: [willwinter.com](http://willwinter.com)

The homemade, organic food provided for the conference was the healthiest most delicious food you will ever find anywhere. It was an eating experience unlike any other. Plus, it was a real credit to the farmers who produced and donated the healthy food, and the chefs who prepared the massive amount of delicious meals for over a 1,000 people, during the three days. The **Wise Traditions** Conference truly walked the talk! Have a look at the menus: <https://www.wisetraditions.org/menus> and recipes: [https://cda9876a-cf54-4a04-8164-6f3212d6bb61.filesusr.com/ugd/c58e7d\\_e24fb4be98ce4981989dd0daace2880f.pdf](https://cda9876a-cf54-4a04-8164-6f3212d6bb61.filesusr.com/ugd/c58e7d_e24fb4be98ce4981989dd0daace2880f.pdf)

In addition to the presentations there were exhibitions of some very impressive and unique health products.

The **Wise Traditions** closing ceremony on Sunday, was presented by the electrifying and loveable Del Bigtree, who has been one of the preeminent voices of the vaccine risk awareness movement. Del was the producer of the Emmy-winning CBS TV show “The Doctors” and the documentary “VAXXED. He now has the fabulous internet talk show, “The HighWire” <https://thehighwire.com/> with over 40 million views. Be sure to watch it every Thursday at 11:00 AM PST.

Also, check out his ICAN at: <https://www.icandecide.org/>.

Del is passionate about all the issues he takes on and can inspire a crowd like no one else. This was evident as he brought the audience to a roaring, standing ovation for the finale! He is naturally charming and delightful with everyone he encounters.

There were breaks between each presentation to allow people to connect, freshen up and buy books. However, there were several presentations going on at the same time, so it was not possible to attend each one. Thus, I highly recommend buying the On-Demand Streaming or the DVD-ROM or USB Flash Drive of all the presentations so you can listen to them in your own time. <https://www.fleetwoodonsite.com/wise/2021/stream/wise-2021-speakers-and-schedule.pdf>

**To everyone involved in the 2021 Wise Traditions Conference, all of us at Masters of Health Magazine, and all my colleagues at various other publications, such as Nexus Magazine & Newsfeed, Principia Scientific International, NZ Journal of Natural Medicine & Uncensored, Moms Across America, CLG, and SOTN love, support, and applaud you!**

**With all these fabulous publications and OL sites and shows, it is now easy to boycott all those other useless MSM propaganda TV shows and publications!**
